**FAMILIES UNITING FAMILIES FOSTER FAMILY AGENCY COMPLIANCE MONITORING
REVIEW**

The Out-of-Home Care Management Division (OHCMD) conducted a review of the Families Uniting Families Foster Family Agency (FFA) in January 2012, at which time they had 40 placed DCFS children in 17 certified homes. The placed children's average length of placement was five months and the average age was 13.

Families Uniting Families FFA is located in the 4th Supervisorial District and provides services to Los Angeles County Department of Children and Family Services' (DCFS) foster children. According to the Families Uniting Families' FFA program statement, its purpose is "to help children achieve secure and continuous attachment relationships for social and emotional development throughout their lifespan." Families Uniting Families FFA is licensed to serve children ages 0 through 21.

Six currently placed children's case files were selected for review and all six children were interviewed. For purposes of this review, five discharge files, two certified foster parent (CFP) files, and five staff files were reviewed for compliance with Title 22 Regulations and contract requirements.

Five children were prescribed psychotropic medication. We reviewed all five files to assess timeliness of psychotropic authorizations and to confirm documentation of psychotropic monitoring was maintained as required.

SCOPE OF REVIEW

The purpose of this review was to assess Families Uniting Families FFA's compliance with the contract and State Regulations. The visit included a review of the Agency's program statement, administrative internal policies and procedures, six placed children's case files, two certified foster parent's files, and five personnel files. Two certified foster homes were visited and foster parents were interviewed, and six placed children were interviewed to assess the care and services they were receiving.

A copy of this report has been sent to the Auditor-Controller (A-C) and Community Care Licensing (CCL).

SUMMARY

Overall, the children interviewed indicated they were provided with excellent care and appropriate services, were comfortable in their environment and were treated with respect and dignity. In fact, five of the six children gave high praise to the foster parents stating they felt like this was their family and they were loved and well cared for.

There was one deficiency noted during the monitoring review in the area of Health and Medical Needs as one child did not receive a dental examination within the first 30 days of placement.

Families Uniting Families FFA was in substantial compliance with the contract, program statement, and regulatory standards reviewed. Based on our review, the aforementioned deficiency revealed the need for routine monitoring of the files by a supervisor to decrease or eliminate the issue identified. Overall, Families Uniting Families FFA is providing good care and services to placed children and support to the certified foster parents which is evident in the relationships formed with the children, Agency staff, and certified foster parents.

In conclusion, Families Uniting Families FFA was receptive to implementing some systematic changes to improve their compliance with the regulations and the contract terms. The Executive Director agreed to address the noted deficiency in a Corrective Action Plan (CAP).

NOTABLE FINDING

The following are the notable findings of our review:

- One child did not have a dental exam within the first 30 days of placement.

EXIT CONFERENCE

The following are highlights from the Exit Conference held January 17, 2012:

In attendance:

James M. Schrage, Executive Director of Families Uniting Families FFA and Thomas Manning, Monitor, DCFS OHCMD.

Highlights:

The Executive Director stated that he agreed with the finding and the Agency would make the necessary correction to improve its compliance with regulations and the contract.

Families Uniting Families FFA submitted a timely approved written CAP, which addressed the recommendation noted in this compliance report. The approved CAP is attached.

We will assess for full implementation of the recommendations during our next monitoring review.

If you have any questions, please call me or your staff may contact Aldo Marin, Board Relations Manager, at (213) 351-5530.

FAMILIES UNITING FAMILIES FFA CONTRACT COMPLIANCE MONITORING REVIEW

**525 E. 7th Street
Long Beach, CA 90813
License Number: 197804605**

The following report is based on a "point in time" monitoring visit. This compliance report addresses findings noted during the January 2012 monitoring review.

CONTRACTUAL COMPLIANCE

Based on the results of the compliance review, Families Uniting Families FFA was in substantial compliance. Families Uniting Families FFA was in full compliance with ten of 11 sections of our Contract Compliance review: Licensure/Contract Requirements; Certified Foster Homes; Facility and Environment; Maintenance of Required Documentation and Service Delivery, Education and Workforce Readiness; Psychotropic Medications; Personal Rights; Personal Needs/Survival and Economic Well-Being; Discharged Children; Personnel Records. The following report details the results of our review.

HEALTH AND MEDICAL NEEDS

Based on our review of two certified foster parents case files and/or documentation from the provider, Families Uniting Families FFA was in full compliance with five of the six elements reviewed in the area of Health and Medical Needs.

We noted one child did not receive a dental examination within 30 days of his initial placement.

Recommendation:

Families Uniting Families FFA's management shall ensure:

1. All children receive dental examinations within 30 days of initial placement. The agency stated "they will assist the foster parents in setting a dental appointment and monitor its completion prior to exceeding the 30-day timeframe".

PRIOR YEAR FOLLOW-UP FROM THE AUDITOR-CONTROLLER'S (A-C) CONTRACT REVIEW REPORT

Objective

Determine the status of the recommendations reported in the A-C's prior monitoring review.

Verification

We verified whether the outstanding recommendations from the Auditor-Controller's (A-C) last contract review report issued August 20, 2009 were implemented.

Results

The A-C's prior monitoring report contained five outstanding findings. Specifically, Families Uniting Families FFA was to ensure staff adequately monitored foster homes to ensure they comply with the County contract and CDSS Title 22 Regulations, that foster parents adequately secured detergents, cleaning solutions, medications, yard tools, and other items that could pose a potential safety hazard to children; that foster parents conduct and document disaster drills with children at least every six months; that criminal and child abuse clearances were conducted for all foster parents, and foster parents maintain daily medication logs indicating all prescription and non-prescription medications administered to children.

Based on our follow-up of these recommendations, Families Uniting Families FFA fully implemented all five recommendations from the A-C's August 20, 2009 report.

Recommendation:

None

MOST RECENT FISCAL REVIEW CONDUCTED BY THE AUDITOR-CONTROLLER

A fiscal review of Families Uniting Families FFA has not been posted by the A-C.
